

HYMS Research Strategy Committee Draft Terms of Reference

1. To advise the Dean of HYMS and HYMS Management Board, which the Research Strategy Committee reports to, on strategic issues relating to research in HYMS and the NHS in the region
2. To promote excellence in research, and active collaboration in HYMS and amongst HYMS stakeholders
3. To promote understanding and achievement of common research goals across the NHS, HYMS and the Universities of Hull and York
4. Where HYMS has a significant interest, to advise on, and monitor the use of research funds within HYMS, that is any research income (research councils, medical research charities, NIHR, contracts etc.)
5. To recommend and monitor the use of the NHS research capital and recurring revenue associated with the establishment of HYMS
6. To review the recording of research grants, and research outputs conducted within HYMS and its principal stakeholders
7. To report regularly to the Research Committees of the Universities of Hull and York, the HYMS Joint Board and HYMS NHS partnership group
8. To promote the dissemination and research developments and outputs of HYMS research activity
9. To establish and receive reports from sub-groups to address research related issues, as deemed appropriate from time to time
10. To Liaise with the UKCLRN and the HYMS Developing Research Network Collaboration
11. In fulfilling the terms of reference in the above clauses, to take proper account of the requirements of education and service requirements and developments
12. To improve collaboration with relevant organisations outside the HYMS area (eg in Leeds)
