This comprehensive two day workshop is for GPs and GPSTs looking to increase their skills and confidence in palliative care. Each day complements the other although both are suitable as stand-alone study days.

The aim of this course is to increase knowledge and skills of palliative care approaches, thereby increasing confidence when managing palliative care patients in primary care.

9:00am – 5:00pm
Saint Catherine’s Hospice, Scarborough

This workshop will run on the 22nd March & 3rd May 2017 from 9.00 am to 5.00pm.

KEY BENEFITS
Maps to the RCGP curriculum
Increased confidence in managing palliative care patients in primary care
Detailed information on the MDT and other supportive agencies available
Facilitated small group work
Case studies
Ideas for audit and optimising current practice
Opportunity to refine skills between the study days and bring cases for reflection
